## **REQUEST FOR PRE-QUALIFICATION OF BIDDERS FOR PUBLIC WORKS FIRE STATION PROJECTS**

## **REQUEST FOR PRE-QUALIFICATION OF BIDDERS COMMENCING WITH FORTHCOMING PUBLIC WORK BID**

Notice is hereby given that the Sacramento Metropolitan Fire District (District) has determined that all bidders on Fire Stations 168 and 111 must be pre-qualified prior to submitting a bid on either of those projects. The District intends to solicit bids to construct two (2) new fire stations. The successful bidder will be awarded contracts to construct two fire stations concurrently. It is anticipated that the bid packages for Fire Stations 168 and 111 will be available in July 2006 with a subsequent bid at a later date. The District reserves the right to modify the bid schedule and the number of fire stations to be bid. Construction of the fire stations is estimated to begin within 60 days of the bid openings. For a description of the scope of the work for Fire Stations 168 and 111, refer to "Attachment A".

**It is mandatory that all Contractors who intend to submit a bid, fully complete the pre-qualification questionnaire, provide all materials requested herein, and be approved by the District to be on the final qualified Bidders list.** No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. Fully completed questionnaires must be submitted to the District no later than the final filing date. Contractors are encouraged to submit pre-qualification packages as soon as possible.

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. The District will use these documents as the basis of rating Contractors in respect to the size and scope of contracts upon which each Contractor is qualified to bid. The District reserves the right to investigate other available sources. The District's decision will be based on objective evaluation criteria.

The District reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Contractors whose rating changes sufficient to disqualify them will be notified, and provided an opportunity for a hearing consistent with the hearing procedures described below for appealing a pre-qualification rating.

While it is the intent of the pre-qualification questionnaire and documents required herein to assist the District in determining bidder responsibility prior to bid, and to aid the District in selecting the lowest responsible responsive bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude the District from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

The pre-qualification packages must be submitted under seal and marked "CONFIDENTIAL – PRE-QUALIFICATION SUBMITTAL FOR FIRE STATIONS" to:

Sacramento Metropolitan Fire District  
2101 Hurley Way  
Sacramento, CA 95825-3208

Attention: Charlotte Tilson, Board Clerk

Final Filing Date for Submission of Documents: No later than 2:00 PM PDT, June 2, 2006.

The pre-qualification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

The District reserves the right to waive minor irregularities and omissions in the information contained in the pre-qualification application submitted, to make all final determinations, and to determine at any time that the pre-qualification procedures will not be applied to a specific future public works project.

Contractors may submit pre-qualification packages during regular working hours on any day that the offices of the District are open prior to the final filing date. Contractors who submit a complete pre-qualification package will be notified of their qualification status ***no later than fifteen business days after submission of the information.***

The District may refuse to grant pre-qualification where the requested information and materials are not provided, or not provided by the final filing date. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted. The closing time for bids will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made. An appeal is begun by the Contractor delivering written notice to the District of its appeal of the decision with respect to its pre-qualification rating, ***no later than ten business days following the date of the District's initial notice to the Contractor that the District determined the Contractor failed to pre-qualify.*** Without a timely appeal, the Contractor waives any and all rights to challenge the decision of the District, whether by administrative process, judicial process or any other legal process or proceeding.

No bid will be accepted from a Bidder/Contractor who is not licensed as a General Building Contractor "Class B" in accordance with the provisions of Chapter 9, Division III, of the Business and Professions Code, Section 7000, et seq., known as the Contractors License Law.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded ***no later than twenty business days*** after the District's receipt of the written notice of appeal, and no later than five business days prior to the last date for the receipt of bids on the project. The hearing shall be an informal process conducted by the District's Board of Directors (the "Appeals Panel"). Prior to the hearing, the Contractor will be advised of the basis for the District's pre-qualification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the rating. ***Within ten business days after the conclusion of the hearing***, the Appeals Panel will render its decision. Delivery of the decision will be sent by the District by certified mail. It is the intention of the District that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

**Note:** In addition, a contractor may be found not pre-qualified for either:

- (1) Omission of requested information or
- (2) Falsification of information

# **MODEL INTERVIEW QUESTIONS**

## MODEL INTERVIEW QUESTIONS

The following questions will be used to interview randomly selected contacts from at least two completed projects. The Sacramento Metropolitan Fire District (District) will conduct the interviews. No action on the contractor's part is necessary. These questions are included in the package given to the contractor for information only.

The highest possible score is 120 Points. A score less than 55 points disqualifies a contractor from bidding on projects that are proposed by the District. A score between 56 and 72 shall require the District to conduct an interview of another contact, that is, a manager of another completed project. A score of 72 or higher on each of two interviews is sufficient for pre-qualification.

First, please give a brief description of the project.

1. Are there any outstanding stop notices, liens, or claims by the contractor that are currently unresolved on contracts for which notices of completion were recorded more than 120 days ago? (1 point for each is deducted from overall score; maximum amount to be deducted is 5 points)
2. On a scale of 1-10, with 10 being the best, did the contractor provide adequate personnel? (Max. 10 points)
3. On a scale of 1-10, with 10 being the best, did the contractor provide adequate supervision? (Max. 10 points)
4. On a scale of 1-10, with 10 being the best, was there adequate equipment provided on the job? (Max. 10 points)
5. On a scale of 1-10, with 10 being the best, was the contractor timely in providing reports and other paperwork, including change order paperwork and scheduling updates? (Max. 10 points)
6. On a scale of 1-10, with 10 being the best, did the contractor adhere to the project schedule that your [agency] [business] approved? (Max. 10 points)
7. Was the project completed on time? (10 points if the answer is "Yes").  
Or, if the answer is "no," on a scale of 1-10, with 10 being the best, to what extent was the contractor responsible for the delay in completion?
8. On a scale of 1-10, with 10 being the best, rate the contractor on the timely submission of reasonable cost and time estimates to perform change order work. (Max. 10 points)

9. On a scale of 1-10, with 10 being the best, rate the contractor on how well the contractor performed the work after a change order was issued, and how well the contractor integrated the change order work into the existing work. (Max. 10 points).
